# STAGS ON OFFER THIS YEAR

Lot 1

Lot 2

Lot 3

Lot 4

Dear Friends & Fellow Deer Farmers,

We are pleased to bring to you our 2024 sale catalogue containing a quality offering of 2 and 3 year old stags, and yearling hinds for our sale on the 9th of January.

This year we will be holding an afternoon sale with a start time of 2:30pm, It will be in the format of a hybrid auction both live onsite, and on bidr. Please be aware that if you'd like to bid online you do need to register and have made arrangements through your stock and station company in advance.

Last year we had to say goodbye to our master sire Alonso, and while sad, as he has made such a large impact in our herd, it was extremely satisfying to see him go on to break the SCI world record scoring 1164 inches. He was truly a magnificent animal who has left many great progeny, the most notable so far being Ferdinand, as well as up-and-comers such as the sons represented in the enclosed catalogue. He is breeding extremely well, adding beam, mass and points while keeping an attractive style.

Our catalogue this year has an exciting line up of 10 three year old trophy and velvet bred stags, 10 growth rate sires, and 10 yearling hinds bred for antler traits. We are confident you'll find the animals that suit your breeding objectives within our line up, and wish you well with your purchases. We don't have any semen lots on offer this year but do have limited amounts of semen available from most of our master sires and welcome enquiry either directly or through our agents. We welcome any pre-sale enquiry, and are happy to arrange a viewing in advance of the sale. We will be offering a light lunch and refreshments pre-sale, and warmly invite you to stay on for afternoon tea and hospitality at the completion of the sale.

Wishing you all the best for the festive season, and a safe and prosperous 2024. We look forward to catching up on the 9th of January.

**Kind regards**

**Richard, Sarah and the team**

# Alonso

**SHOWN AT 7YRS**

Alonso is an outstanding harrison son out of a very special Columbia hind. With very heavy antler, huge tops with good length, he is impressive. His 6 year old head measured an outstanding 934 inches, and won him the accolade of Trophy Antler Champion at the 2022 National Velvet and Hard Antler Competition. He was taken as a trophy this year at 7 years old, becoming one of the first stags to break 1000 inches and scored a World Record 1164 <sup>2</sup>/<sub>8</sub>".

Great performance and trophy genetics from this leading Sire. Amazon had an attractive and unique style of antler which follows through in his progeny.

# 14403

SHOWN AT 6YRS

We purchased 14403 in partnership with Criffel Deer Farm from Crowley Deer in 2017. He breeds very well across our bloodlines adding mass and points to our long wide open style heads, while maintaining our traditional structure. He was third in the 2017 Rising Rtars Competition as a 2 year old.

We haven't used him as extensively as we would have liked, as we've been unable to match his mother. His own performance as he matures and that of the few progeny we've bred are proving this awesome Cosmos son's worth as a sire.

Dimitri

4YR OLD VELVET HEAD SHOWN

Dimitri's 4 year old velvet head weighed 9.5kg, and was placed second in the 4 year old section in the National Velvet competition in 2018. With correct placement and only very small snags to fault him, his head is clean and very attractive. Unfortunately now deceased, but we are pleased to watch his young progeny go on to out-perform him. We have a limited amount of semen available from Dimitri.

Owned in partnership with John Scurr. An amazing Alonso son who at 3 years has surpassed his sire's performance for age. With massive multi pointed antlers set with an attractive wide style, he has a very heavy beam as well. He carries this huge head very well.

# Gonzalo

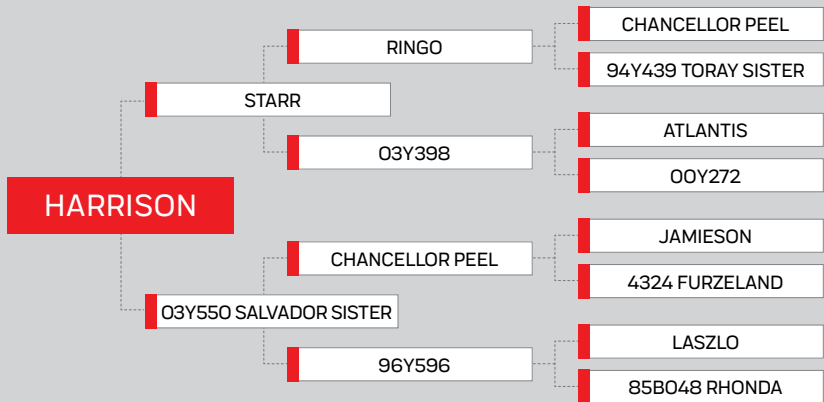

SHOWN AT 5YRS

Another of our new sires, Gonzalo is an Alonso son from a Starkey daughter out of a Waipori over Salvador hind. As a 3yr old he was almost a carbon copy of Starkey with bigger circumferences.

# Python

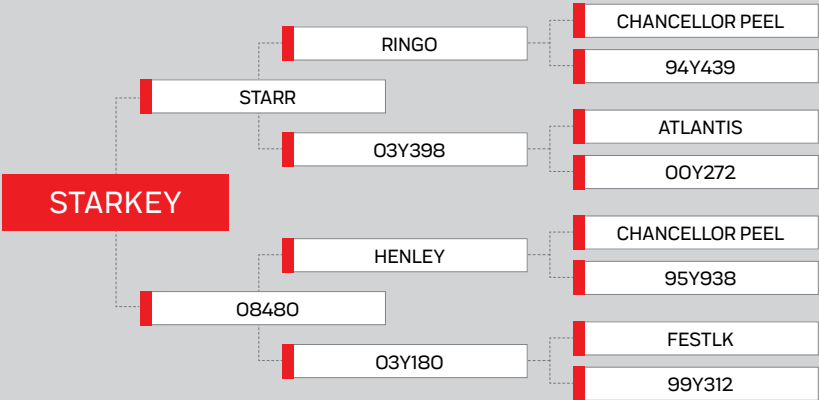

SHOWN AT 9YRS

We had Python in our sire group for a number of years. Unfortunately now deceased he had a very attractive head that was heavy in the beam, clean with good length and spread. A true multipurpose sire for velvet and trophy.

We know the Alonso Python combination works very well for quality trophy antler breeding in stags. Here is a young hind with this powerful mix. Grand dam had a son in our 2018 sale sold for \$11,500

Ferdinand is in our opinion every bit as good if not better than his fantastic Sire Alonso. This hind from him, with Harman, Awesome and Chancellor Peel in there has the goods to pass on.
